Dear Mr. Lake:

Please do everything in your power to see to it that ALL genetically engineered foods are labeled in complete detail, showing exactly what has been genetically engineered and to what the genetically engineered alterations have resulted in.

The tobacco companies' non-disclosure policy back-fired with severe financial problems which should be a lesson for food processors and food manufacturers. Consumers must have all the health related facts available before they buy.

PLEASE - - GENETICALLY ENGINEERED FOODS MUST BE LABELED IN DETAIL AS TO WHAT WAS ALTERED AND TO WHAT THE ALTERATIONS HAVE BECOME.

Sincerely,
